

How To Get Involved Checklist

**1** ☐

CHOOSE YOUR COUNCIL!

Community Councils are based on either where you live or where you spend most of your time. Don't know how to decide? Where are you most invested in their success and want to make the most impact?

2 ☐

ATTEND COUNCIL MEETINGS OR COUNCIL SPONSORED EVENTS.

This is a great way to meet other engaged neighbors and find out your Council's current priorities and assets and share your ideas. Attending an event is an opportunity to see your local Council's work in action and meet your neighbors in a social setting.

3 ☐

STAY INFORMED.

Follow the Council's activities www.communitycouncils.info.

4 ☐

MAKE A CONNECTION.

Do you know of someone or some group doing great work in your community? Connect good projects, events, and organizations to your local Community Council for potential funding to make immediate impact in your part of the region.

5 ☐

SUPPORT LOCAL INITIATIVES.

Even if you don't have time to join the Council, you can still support the work by attending community events, volunteering for projects, or spreading the word about Council activities.

6 ☐

SIGN UP FOR UPDATES.
